

# DECLARATION OF CONFORMITY

## ROLLING SHUTTER (for assembler)

The Company.....

..... (please indicate full address)

### DECLARES

that the rolling shutters listed here below, which are for residential and/or commercial purposes only, have been duly assembled, with profiles, end slats, guide rails and original Croci S.p.A. accessories as indicated in the "ASSEMBLAGE WORKBOOK OF THE ROLLING SHUTTER" issued by Croci S.p.A. with seat in Via Emilia 732 - 47032 Bertinoro (FC) Italy.

These rolling shutters correspond to the following characteristics of resistance to the wind, as requested by the rule UNI EN 13659 (schedule ZA.1).

Part nr.	Quantity	Finished size of the rolling shutter (W x H) in cm	Guide rail part nr.	*Class of resistance to the wind

\* To establish the class of resistance to the wind please refer to the schedule "CLASSIFICATION OF THE RESISTANCE TO THE WIND" indicated in the "DECLARATION OF CONFORMITY CE PROFILES FOR ROLLING SHUTTERS".

Important: this declaration has to be accompanied by the "Declaration of conformity CE Profiles for rolling shutters".
